Welcome to our 20th annual production sale.

We appreciate your interest in our program and value our loyal customers. We have retained only the best AI'd daughters through the years. We expect a lot from them and they have not disappointed us. Our rangeland and climate has tested our cows for fertility and soundness. Our cows are moderate framed that will breed back year after year. Cows that will let us tag and weigh their newborns out in the pasture with ease. These cow families have generations in our herd building longevity into our program. Our EPD's keep improving for profitable Angus and commercial herds.

We are excited to bring this great set of bulls to you. These may be some of our best bulls yet even with the lack of spring and summer rain on our pastures. They have wintered great here on our ranch, out in a small pasture. They are quiet with great dispositions. They will be fertility tested and veterinary inspected by Lyle Bischoff, DVM before sale day. They will also be carcass ultra-sounded.

We are also commercial producers so our herd has been developed with the rancher in mind. By possessing calving ease genetics and ability to wean a thick heavy calf; these bulls will add profit to your herd. The majority of these bulls' sires rank at the top of bulls in the Angus Breed. **We also have a first year breeding guarantee on all bulls that sell for \$4000.00 or more.**

Please feel free to contact us with any questions. Catalogs can be mailed upon request and also will be available at Sale Barn.

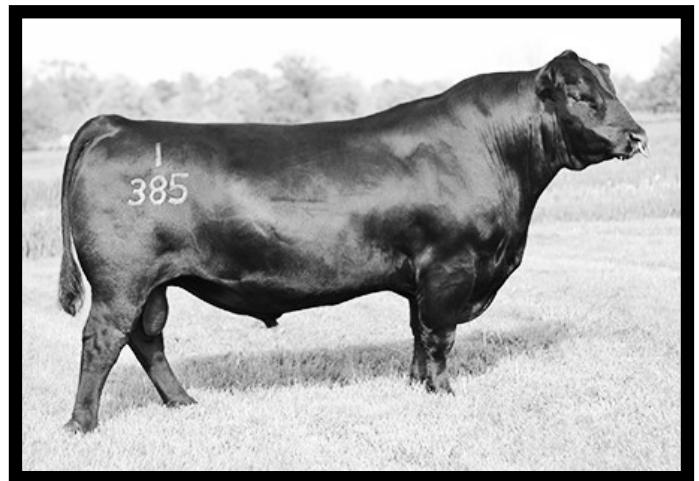

Thank you for your interest and continued support!!
